1-4. Search input keywords "**wave lite**"
Please enter a blank space at this time.

1-5. Like the screen "**Grand Stream Wave**",
Since it will be displayed as social networking.
You will install this software in the iphone.
Please tap the mark of the arrow with the cloud.

1-6. The mark of the cloud will be changed to display that turns round.

Grandstream Wave
Social Networking
★★★☆☆ 19

When the "**Open**" button is displayed, installation is completed.
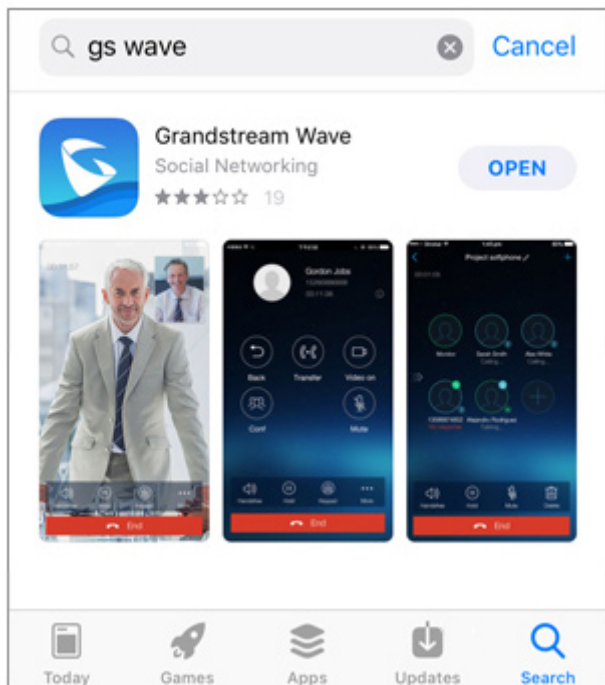

2. Configuration of Wave Lite
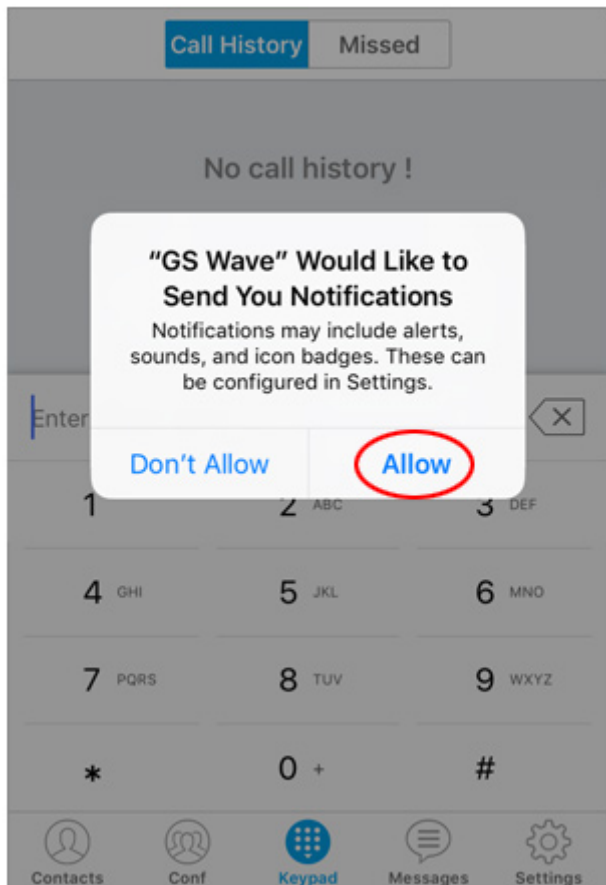

2-1. Next, tap the button "**Open**" to start up GS wave. You will setup the VoiP+.
Let's start by tapping GS wave.
Always keep GS wave running, to wait for incoming calls.

2-2. "Wave Lite" Would Like to Access Your Contacts. As it is displayed, tap "**OK**" to allow access to the contact.

2-3. Next, "Wave Lite" Would Like to Send You Notifications. As it is displayed, let's tap "**Allow**".

2-4. GS Wave is now launched. You will set up VoiP+ now. Please tap the "**Settings**" of the Gear mark at the bottom of the far right end.

2-5. Next, tap the "**Account Settings**" of this top row.
